SUCCESS OF WATER PLANT GOOD PROOF

Ypsilanti Daily Press:

One of the strongest arguments for municipal ownership of our gas plant is the success of our municipal water plant. It gives us I believe cheaper water rates than are given by any private company in the state. From the point of view of the water consumer it has been an immensely profitable investment. How great this profit really is can best be seen by comparing our water rates with those of Ann Arbor. The conditions governing the water supply in the two cities is practically the same. Each lies in the Huron valley, has a similar water supply reached by wells and has the same soil, free from rock, in which to lay its mains. Ann Arbor being the larger city should have cheaper water than Ypsilanti for water can be furnished to a large city where large quantities are used cheaper than to a small city.

On the contrary Ann Arbor water consumers pay a much higher rate than do Ypsilanti consumers—many of them from 50 to 100% more. At first glance in looking at the rate cards there does not seem to be a great difference but as they practically work out there is a decided difference.

In houses of less than four rooms the annual rate for kitchen supply only is $2.50 in Ann Arbor. In Ypsilanti the rate for domestic purposes is $3.00 for houses with any number of rooms. There are comparatively few four room houses in either city. Probably an average of eight rooms for each house is too low an estimate. The Ann Arbor company makes the rate 50c higher for each additional room above four so that against Ypsilanti's flat rate of $3.00 the Ann Arbor consumer pays on an average of $4.50 or $5.00 flat rate for domestic purposes.

For lawn sprinkling the rate in Ypsilanti is $3, in Ann Arbor it is $5.00. For additional fixtures in the two cities the flat rates are about the same but in Ypsilanti if a consumer has a large number of fixtures in his house he can have a meter installed and keep the rates down to a reasonable amount, but in Ann Arbor the company refuses to put meters into private residences. If it did put them in the meter rates are twenty cents per 1000 gallons and the minimum charge with a meter is $25.00. In Ypsilanti the rate is eight cents per thousand gallons and the minimum annual charge is $5.00.

Thus it will be seen that the annual flat rate for domestic purposes for the average house is from 50 to 60 per cent higher in Ann Arbor than in Ypsilanti. The flat rate for sprinkling in Ann Arbor is 66 2-3 per cent higher in Ann Arbor than in Ypsilanti and the meter rate in Ann Arbor is 250% higher than in Ypsilanti with the minimum annual meter charge five times as great from the private plant as it is in Ypsilanti with the municipal plant.

It would seem from this that Ann Arbor is paying about twice as much for water as are the people of Ypsilanti. Inquiries among my neighbors as to what their rates actually are has convinced me that this is not far from the truth. And when it is taken into consideration that our city is only one-half as large as Ann Arbor it seems certain that with a private company we would have to pay twice as much as we do for the water that we use.

Last year the private water consumers in Ypsilanti paid about $11,700. Apparently with a private company this would have been twice as much. So that the water has saved to the water consumers in one year almost $12,000. At this rate the saving to the consumers during the twenty-one years since the plant was installed has been about $250,000 or twice as much as the original cost of the plant.

If this has been done without an increase of taxes to support the plant or without allowing the plant to run down and depreciate it means that the water plant is an entire success. Of course if the plant has been a loss to the city as a corporation in order to give cheaper water to the consumers we have only been taking our money out of one pocket to put it into another. With your permission I will deal with this phase of the question in a second article..

Respectfully,
J. STUART LATHERS.

Note.—Professor Lathers' second article dealing with the water works will appear in this paper Monday, Dec. 11.—Editor.

MYSTERIOUS SHOT MAY KILL

Boy Found in Barn Lot With Bullet in Breast.

Anderson, Ind., Dec. 6. — Lawrence, eleven years old, son of Mr. and Mrs. Amos Henshew, living in the extreme north end of this county, hovers between life and death with a rifle bullet within half an inch of his heart.

It is not known just how the accident occurred as the boy with an older brother had been playing in the barn with the rifle and the older brother handed the gun to the boy and went to the house. A moment later the shot was heard.

RESIGNATION IS ACCEPTED WITH MUCH RELUCTANCE

The following formal resignation was tendered by Rev. Arthur Beach, as pastor of the Congregational church of this city and the resolutions adopted show that it is with the sincere regret of not only the church but the city in general that the resignation is accepted.

To the Prudential Committee:

Dear Friends—I herewith tender to you and through you to the members of our church my resignation from the office of pastor which I have held for a little over ten years. If it meets with your approval I should like to have my resignation take effect on Feb. 1st, 1912. I wish also to take this opportunity to express my sincere appreciation of the uniform courtesy and kindliness which all the members of the church have shown towards my family and myself during these years, and to assure you of my continued interest in the welfare of this church.

Sincerely yours,
ARTHUR G. BEACH.

A committee was appointed by the church to meet and confer with Dr. Beach as to the reconsideration of his resignation but finding his decision to be final, the committee recommended to the church and society that his resignation be accepted, which was done with sorrow and regret.

The following resolutions were then adopted:

Whereas, our pastor, Dr. Arthur G. Beach, has tendered his resignation to this church after ten years of faithful, devoted, and efficient service, and

Whereas, we have been unable to persuade him to remain longer with us,

Resolved, That we view with sorrow and regret the breaking of ties that have become dear to us, and the closing this the largest and one of the most successful pastorates in the history of this church.

Resolved, That we express to Dr. Beach our affection for him as a tried and faithful friend and our high regard for him as a Christian pastor and preacher.

Resolved, That we extend to Dr. Beach and his family our earnest prayers and best wishes for their future success and prosperity.

Resolved, That a copy of these resolutions be spread on the records of the church, that a copy be given to Dr. Beach, and that a copy be also sent to the public press.

G.A.R. ELECTION POSTPONED

LONG FLIGHTS OF STAIRS INTERFERE WITH MEETINGS OF AGED VETERANS.

Elections in the G. A. R. should have taken place at last Friday night's meeting, but there were not enough present to transact this sort of business. As time goes on, the men of the Post find those two long flights of stairs quite too great a tax on their strength. If possible the election will take place at the next meeting.

TAKE NOTICE.

In respect to the deceased D. L. Quirk all business houses will be closed from 3 to 5 o'clock. Consequently there will be but one merchant's delivery in the afternoon leaving the stores at 2:45 in the afternoon. (Signed)

C. G. ALBAN, President,
D. L. DAVIS, Secretary.

The Peninsular Paper Mill will close at noon Thursday.

Ann Arbor, Dec. 5.—The city council has received a handsome set of engrossed resolutions from the board of supervisors congratulating the city on its prosperity and progress as evidenced by the removal of the aldermen from the council chamber in the court house to the new city hall.

LIFE SENTENCE FOR DYNAMITER

James B. McNamara to San Quentin till Death.

15 YEARS FOR J. J. M'NAMARA

Neither Prisoner Breaks Down Under Sentence—Full Text of Confession Made by James B. McNamara.

Los Angeles, Cal., Dec. 6.—Life imprisonment in San Quentin, the prison on a rockbound strip of the northern shore of San Francisco bay, was the punishment meted out to James Barnabas McNamara by Judge Walter Bordwell.

It is the penalty McNamara will pay for the dynamiting of the Los Angeles Times building Oct. 1, 1910, which caused the death of twenty-one employes of that paper.

John J. McNamara, his brother, was sentenced to serve fifteen years in the same prison. He had pleaded guilty to the participation in the dynamiting of the Llewilyn Iron works, the Christmas following the Times explosion. Both men will be kept here until they appear before the federal grand jury.

The prisoners stood up under the sentence bravely. Neither broke down, although James B. was on the verge of tears. John J., the elder of the brothers, was calm, but weak and swayed as if about to faint while being sentenced.

Sentence was pronounced in a courtroom full of cheery faced spectators whose chatter filled the room until the prisoners entered and followed them across the Bridge of Sighs when they left. James B. McNamara's plea that he intended to kill no one was scouted by Judge Bordwell.

"You well deserve the maximum penalty," said the court. "That this judgment does not extend is not due to any extenuating circumstances, but it is the wisdom of court to do otherwise."

Fifteen thousand people packed the streets leading to the hall of records, filled the corridors and formed a serpentine line that trailed down the stairs from the eighth floor nearly to the basement.

No intimation of the judge's decision as to the penalty the confessed dynamiters were to pay for their crimes had been given, even to the prosecuting attorney. The latter had recommended mercy in view of the confessions.

Before the opening of court James B. McNamara's brief confession, penned by his own hand, and bearing many evidences of a man little skilled in letters, was made public. It follows:

"I, James B. McNamara, defendant in the case of the people, having heretofore pleaded guilty to the crime of murder, desire to make this statement of facts; and this is the truth:

"On the night of September 30, 1910, at 5:45 p. m., I placed in ink alley, a portion of the Times building a suitcase containing sixteen sticks of 80 per cent dynamite, set to explode at 1 o'clock the next morning.

"It was my intention to injure the building and scare the owners. I did not intend to take the life of any one. I sincerely regret that these unfortunate men lost their lives. If the giving of my life would bring them back I would gladly give it. In fact, in pleading guilty to murder in the first degree, I have placed my life in the hands of the state.

"JAMES B. M'NAMARA."

SAYS M'NAMARA OPENED GAS

Burns Declares Cocks Were Knocked Off to Flood Times Building.

Cleveland, O., Dec. 6.—William J. Burns was shown James B. McNamara's confession of the Los Angeles Times dynamiting here and said that it is only partly true.

"Why doesn't 'Jim' McNamara tell how he knocked off the gas cocks and flooded with gas the place where the suit case filled with dynamite was put?" he asked. "If he told that he could convince any one that he did not intend the destruction of the Times building and its occupants?"

WHERE MONEY WENT

Destination of Secret Fund Expended by McNamara.

Much of It Distributed in Postal Orders and Recipients Are Being Looked Up.

Indianapolis, Dec. 6. — Important clews to the distribution of the funds used by John J. McNamara in the dynamiting conspiracy, including evidence respecting persons who received the money, have been discovered in the records of the postoffice here, and they are being gone over carefully and will be presented to the federal grand jury. According to these developments, McNamara used money orders in sending money to his agents instead of checks, and the authorities have unearthed many cases that throw light on the use of dynamite and lead to the detection of the men who were paid for it.

McNamara, it is alleged, also did business with the Indianapolis office, and with the mails under a fictitious name part of the time. It is charged that he rented a lock box at the Indianapolis postoffice under the name of C. J. Sandusky, and that considerable of the mail he received was through that box. This charge has been made by detectives.

The importance of the money order investigation is seen in connection with the work which is said to have been done in trying to ascertain how J. J. McNamara spent the $1,000 a month, set aside for "organizing purposes" by order of the executive board.

GIRLS RIOT IN N. Y. COURT

Mob of 300 Attacks Owners of Burned Factory When Arraigned.

New York, Dec. 6.—A mob of 300 women, survivors of the Triangle waist fire in which 146 girls lost their lives, attacked Isaac Harris and Max Blanck, proprietors of the waist company when the men appeared in court to stand trial for alleged manslaughter.

All the court officers in the building and the police reserves were called out to check the assailants. With torn clothing and disheveled hair, the defendants were finally released and escorted under heavy police protection to the courtroom. The women had been summoned as witnesses for the prosecution.

PAIR IN PERIL ON HONEYMOON

Boston Couple Have Frightful Trip in Blizzard.

LOST IN COLORADO MOUNTAINS

Eight Day's Battle Against the Rigors of Zero Weather and Deep Snow —Husband Saved by the Wife's Courage.

Meeker, Col., Dec. 6.—John L. Hadden, an attorney of Cambridge, Mass., and his bride of three weeks, lost in a blizzard while on their honeymoon, battled for eight days against the rigors of zero weather and deep snows in the mountains. The couple arrived in Meeker, haggard and weak.

Mr. and Mrs. Hadden were married in Boston and had decided to pass their honeymoon in the open air. A little over a week ago they started from Utah to Rifle, Col. The second day out they encountered a blizzard and became lost. Then began the struggle. They kept blindly on, fighting hunger and privation, walking a great part of the distance to keep from freezing. Hadden almost lost his reason in the struggle.

"If it had not been for my wife," said Hadden, "I would have given up. She kept me encouraged, and except for her cheering words we never would have reached the ranch house, twenty miles from Meeker, where we found shelter after several toes and as many fingers had been frozen." The couple made the trip in a light spring buggy, expecting to reach Rifle on the fifth day after they started.

Ann Arbor, Dec. 4.—Karl Harriman, son of Judge W. D. Harriman of this city, and for a number of years editor of the Red Book, Blue Book and Green Book, is to give up his position in Chicago for the literary editorship of the Ladies' Home Journal in Philadelphia.

FETE FOR KING GEORGE

26,000 Children Take Part in the Festivities at Bombay.

Bombay, Dec. 6.—A brilliant fete, in which 26,000 children took part, was held here in honor of King George and Queen Mary of England, who will be crowned emperor and empress of India at the Durbar.

The scene of the day's festivities was a brilliant one. The uniforms of the British army officers, together with the quaint dress of the native chieftains, and the bright costumes of the royal party, made a scene of magnificence and splendor.

MRS. DURHAM KILLED BY M. C. TRAIN

Mrs. Frank Durham of 226 Prospect street was struck by an eastbound M. C. R. R. freight train this morning at 9 o'clock and instantly killed. She was attempting to cross the tracks at Grove street when the gate keeper, it is claimed, warned her to wait for an eastbound train that was approaching. She did not heed the warning, however, and went in front of the closed gates. The train which was going almost at full speed threw her fully 30 feet, breaking nearly every bone in her body. The body was taken to the M. C. baggage room and Coroner Burchfield summoned. An inquest, however, was considered unnecessary.

Just why she did not heed the gateman's warning is not known bpt it is thought that she was under the impression that she could cross before the second train pulled in. Mr. Dunham is working in Detroit and she had left her two small children at home with her husband's brother and was hurrying home that he might take the next train for Detroit.

IRVING T. BUSH IS WORKING FOR BANKING REFORM.

THE National Citizens' league is an organization which has set itself the herculean task of educating the general public of the United States to the necessity of a sound banking system. Branches of the league, which has enrolled in its membership the most eminent bankers and business men, are at work throughout the country. The chairman of the New York branch is Irving T. Bush, a wealthy pier owner of Brooklyn, who has large commercial interests and is a director of the New York Merchants' association. Mr. Bush has traveled extensively, having gone twice around the world in the yacht Coronet in 1888 and 1889.

STORES WILL CLOSE FOR FINAL RITES

To the Citizens of Ypsilanti:

By the death of Mr. Daniel Lace Quirk, not only this locality, but the state, has lost one of its most honored and respected men; one, who during a long and eventful life, has quietly and unostentatiously labored in many paths to bring our country from a wilderness to its present condition of civilization.

As a mark of the respect and esteem which we hold for the deceised it is requested that all business houses be closed and flags placed at half-mast from 3:00 to 5:00 o'clock on Thursday afternoon.

TRACY L. TOWNER,
Mayor.

At a meeting of the Directors of the First National Bank of Ypsilanti, Mich., held December 5th, 1911, the following minute was adopted:

The announcement of the death of our President, Daniel Lace Quirk, at eight o'clock this morning, is received by the members of this Board with a deep sense of personal loss.

Mr. Quirk was a Director of the Bank since its organization in 1863 and its President since 1884, and during all that time has been a tower of strength to the main interests of the Bank and for the greater part of the time has been presiding mind and guiding hand.

Mr. Quirk was born at Ballachrink, near Peel, on the Isle of Man. He came to Ann Arbor in the early forties, where he worked as a carpenter and builder. In 1847 he moved to Belleville, Mich., where he resided until 1853. During that time he was elected Auditor of Wayne County running 1400 ahead of his ticket. In 1853 with David Stewart he moved to Chicago and engaged in the commission business. There he made the acquaintance of the Honorable James F. Joy, at that time President of the Chicago, Burlington & Quincy R. R. running from Chicago to Aurora, Ill., and became Superintendent of construction of the extension to Burlington, Iowa. In 1855 he engaged in buying grain at Lyons, Iowa, and the same year moved to Sterling, Ill., where he bought a lumber yard and erected a warehouse. Going to Chicago in 1859 he became associated with Asa Dow in the grain and commission business under the firm name of Dow, Quirk & Co. In 1860 he moved to Ypsilanti, which at that time offered exceptional advantages for the education of his children.

In 1870, together with Messrs. Joy, Shelden and Buhl and other Detroit men, he built the railroad running from Ypsilanti to Hillsdale and with the same parties built the Eel River Railroad from near Hillsdale to Butler, Ind., in 1871 and 1872. In this undertaking Mr. Quirk had active supervision of all construction work.

In 1874, he was a member of the firm of the Murphy Packing Co. of Chicago and after a general merger of several packing companies he was General Manager of the combination. From there he went to East St. Louis as President and General Manager of the East St. Louis Packing & Provision Co.

In 1865 he was interested with others in organizing the Ypsilanti Woolen Mills and built the building lately owned by the Ypsilanti Underwear Co. In 1867 with other Ypsilanti men he organized the Peninsular Paper Co. and ever since has been a large stockholder and during much of the time active in its management. For many years he was a large stockholder in the Ypsilanti Gas Co., much of the time its President and active Director, having built the present work of the company. He was also a Director of the Detroit Fire & Marine Ins. Co. and was one of the original Directors of the Detroit Trust Co.

In all Mr. Quirk's undertakings, he evidenced the same energetic mastery of details as well as a broad view of general policies. His natural ability, favored by a wide business experience and extensive knowledge of men, made him of the greatest value to this Bank.

In addition to this brief statement of Mr. Quirk's business life, this Board desires to record its high esteem of him as a man and a friend. Of a genial and sympathetic nature, meeting all men on the same level, he made and held the friendship and esteem of all with whom during his long life he had business relations. He was a man of the highest integrity in the business world and in his family an ideal husband and father.

The funeral services will be held at the family home, Thursday, Dec. 7th, at 3:15 p. m. The part of the service at Highland cemetery will be private. No flowers. The pall-bearers will be Fred L. Gallup, W. Y. Murdock, D. S. Braisted, W. C. Sturm, John P. Cooney and John McCann.

MAY THE WOMEN OF MICHIGAN SUCCEED.

It is not a bad omen for the welfare of Michigan that the Michigan Equal Suffrage association has decided to urge a state-wide and state-long campaign for equal suffrage rights with men, to be accomplished through the next legislature. If they can get enough votes to pass the bill, Governor Osborn will certainly not veto it, and more than likely will lend his strong moral support in getting it passed.

It is an opportune time for the women to push the fight. If any man who has the ability and the ambition to go to the next legislature will not pledge himself to support such a measure and will give his reasons for his opposition, the Press would like to see them in print over the signature of the author. We have yet to see a good argument against woman suffrage.

And when it is accomplished, as it will be throughout the land, the men will be on the defensive in explaining this page of history to succeeding generations. For our future citizens will demand an explanation why it was necessary for the women to fight for half a century to secure recognition from men of a right which they fought for as inalienable and then appropriated such miserable use of it as to furnish such miserable use of it as to furnish ated solely to themselves and made one of the strongest arguments why they should no longer monopolize its exercise. Why half the citizens in America should insist on exercising the exclusive right to make such laws as they like and compel the other half (the "better half") to obey them, whether they think that "life, liberty and property" are jeopardized by such laws or not, is certainly a strange political anomaly in the history of democracy.

We note that "Woman suffrage is a victor in the recent California election by about two thousand majority.

"This gives equal suffrage to women in Colorado, Idaho, Utah, Washington, Wyoming and California. Women may vote at municipal and school elections in Kansas, while Arizona, Connecticut, Delaware, Florida, Idaho, Illinois, Indiana, Iowa, Massachusetts, Michigan, Minnesota, Wisconsin, Mississippi, Montana, Nebraska, New Hampshire, New Jersey, New York, North Dakota, Ohio, Oklahoma, South Dakota and Vermont allow women to vote on school questions."

We trust Michigan will manifest its spirit of progressiveness and fundamental fairness to all citizens and accord the same political rights to the women of Michigan as the men have so long enjoyed themselves. The next legislature should assume the diplomatic attitude of "Certainly! Why didn't you ask before?"—for the sake of its historic appearance in future years, if for nothing else.

ALLEGES ILLEGAL METHODS

Cambridge City Man Accuses "Drys" of Bribery and Fraud.

Richmond, Ind., Dec. 6.—Bribery and other illegal methods are alleged to have been used by the "drys" of Cambridge City in voting out the saloons last year, and in a complaint filed by Roy H. Fraunberg, a hotelkeeper, the county commissioners are asked to annul the blanket remonstrance and to grant Fraunberg a liquor license.

The "drys" appeared before the commissioners and their attorneys asked for a week in which to prepare their answer, which was given them. The trial will probably be held early in January, and it promises to be bitterly fought.

RECLUSE DIES IN HOSPITAL

Richmond Woman, Living Alone, Had Only Cats for Company.

Richmond, Ind., Dec. 6.—Mrs. William Cain, seventy-two years old, widow of a former lumber man, is dead. During the late years of her life Mrs. Cain's eccentricities caused much comment. She lived as a recluse, although in a large house on a select residence street, and had only cats to keep her company. Mrs. Cain used enamel on her face.

When she was taken to the hospital during her last illness the enamel was removed and under it she was found to have a complexion like a girl of sixteen.

W. R. C. OFFICERS ELECTED

SEVERAL CHANGES RESULT OF ELECTION—MRS. REINHART PRESIDENT.

The W. R. C. held an election last Friday afternoon at the time of their regular meeting which resulted in a number of changes of officers. The new staff of officers is as follows:

President, Mrs. Ina Reinhart; senior vice-president, Mrs. Caroline Phillips; junior vice-president, Mrs. Lottie Ainsley; treasurer, Mrs. Mattie Wilson; chaplain, Mrs. Malvina Coquillard; conductor, Mrs. Frances Clark; guard, Mrs. Ida Kimball, delegates to state convention at Port Huron in June, Mrs. S. B. Mereness; alternate, Mrs. Charles Fiske.

After the installation, which will take place at the first meeting in January, there will be other officers appointed. Initiations will take place at the next meeting.

BREAK INTERNAL REVENUE RECORD

Receipts For Fiscal Year 1911 Reach $322,526,299.

OPIUM VICE WIDESPREAD.

More Whisky, Beer and Ale Produced. Butter Users Grossly Defrauded by Grocers With Oleomargarine—Commissioner Cabell's Report.

The internal revenue receipts during the fiscal year ended June 30 last were the greatest in the history of the government, aggregating the enormous sum of $322,526,299. These figures and other interesting facts in connection with the internal revenue are revealed in the annual report of the commissioner, Royall E. Cabell.

Corporations making returns under the new corporation tax law numbered 270,202, with an aggregate capital of $67,886,430,519. The aggregate net income to the stockholders was $3,360,250,642. The amount of tax collected was $33,511,525.

The year's production of distilled spirits amounted to 175,402,395 gallons, nearly 7,000,000 gallons more than in the previous banner year, 1907. The production of beer, ale, etc., amounted to 63,216,851 barrels, nearly 4,000,000 barrels more than in the previous record year, 1910. The amount of liquor held in bonded warehouses for ripening now reaches the great total of 249,279,346 gallons.

The commissioner asserts that the smoking of opium is a widespread vice in this country and declared that opium "joints" exist in every city of considerable size.

The double system of taxing oleomargarine, he declared, is corrupting grocers, and gross frauds are being perpetrated on the butter buying public. Mr. Cabell suggests that fraud would be wiped out if a single standard of taxation for the colored and uncolored product were established and if the manufacturers were required to put their product in small sealed packages instead of selling it in bulk.

Decrease In Early 1912.

Of the total receipts of $322,526,209.73 there was collected from ordinary sources $289,014,774.73, an increase of $20,017,338.31 over the previous year, and from the special excise tax on corporations there was collected $33,511,525, an increase of $12,551,741.26, making the total increase over the collections of the fiscal year ended June 30, 1910, $32,569,079.57.

The receipts from ordinary sources for the first three months of the fiscal year 1912, $73,878,102.46, as compared with the first three months of the fiscal year 1911, $71,665,995.49, show an increase of $2,212,106.97. The corporation tax collected for the first three months of 1912 amounts to $1,687,018.08 as compared with $5,912,486.52 collected for the first three months of 1911, a decrease of $4,225,468.44, thus making a net decrease in total collections of $2,013,361.47.

The decrease in the collection of corporation tax for this period is due to the fact that of the tax assessed on returns of corporations for the calendar year 1909, the first year of the law, nearly $6,500,000 could not be collected until after July 1, 1910, whereas of the tax assessed on the returns of corporations for the calendar year 1910, though the total assessment was larger, little more than $2,000,000 was outstanding on July 1, 1911.

What This Year Should Show.

"Based on this data at this time available," says the commissioner, "I estimate that the collections for the fiscal year ending June 30, 1912, will approximate $315,000,000, of which $290,000,000 will be collected from ordinary sources and $25,000,000 from the special excise tax on corporations."

Approximately 25,000 corporations neglected to file their 1910 returns in accordance with the statutory requirements. Many of these corporations believed that, as their net income was less than $5,000, they were not required to make returns. Many of the larger corporations postponed making their returns until the supreme court should decide the cases under consideration involving the constitutionality of the law.

SAIL ACROSS ATLANTIC.

Gericke Says He Will Start In February With Two Assistants.

Bolder than any previously thought of plan for crossing the Atlantic ocean is that which Hans Gericke, winner of the 1911 Gordon Bennett balloon race, announces.

Gericke proposes to cross the Atlantic in a spherical balloon with two associates some time during February next. He is confident the trip can be made in four days if everything goes well.

STORM MAKES A PHOTOGRAPH

And Wisconsin Woman Says She Has Exhibit to Prove It.

The photographing of a portion of a tablecloth on the panel of a door, the result of a bolt of lighting, is one of the incidents of a storm at Fond du Lac, Wis.

Mrs. Sarah Challoner, residing on Western avenue, has the unique exhibit. The photograph is so clear that the flower design of the tablecloth is clearly discernible.

JAMESON RAID WAS NOT UNDER BRITISH FLAG

John Hays Hammond, Released From Oath, Tells Boer Secrets.

John Hays Hammond, released by lapse of time from an oath not to talk on South African affairs or reveal any of the "inside" events that led to the Boer war, has broken his silence.

Mr. Hammond said the Jameson raid of 1895-6 was the result of the activities of a reform association formed at Johannesburg and consisting largely of Americans. "I want especially," said Mr. Hammond, "to correct a misunderstanding. It has been said we were acting under the British flag. That is false.

"Much sympathy has been wasted on Oom Paul Kruger. He was opposed to progress, believed the world was flat and that the devil had a tail. His impositions were such as no man of the Anglo-American race would have tolerated. The Americans voted to take up arms against him. There was a spy in our camp, and for his benefit we voted that if we were commandeered we would upon the first order to fire shoot down our commanding officers. As a result no Americans were made to enlist.

"The reform movement against Kruger was not an English movement. Jameson came into the fight against our wishes and against the wishes of the British high commissioner. I sent word to him to go back, and when he persisted the only thing to do was to bluff Kruger into believing we had more arms than we really had. We did so, and Kruger sent over an olive branch to Johannesburg. They agreed to all but one thing, and that was that no contract should be accepted with a Catholic or a Jew. This we flatly refused.

"Kruger played false with the reform committee after the Jameson raid broke all his promises, and after he had secured the arms in Johannesburg through Sir Hercules Robinson he arrested the entire committee. He gave the men to understand that if they pleaded guilty they would be let off with fines. Instead they were sentenced to be hanged within twenty-four hours. An emphatic dispatch from Secretary Olney caused Kruger and the Boer council to hesitate, and after an all night session the council voted to commute the sentences to life imprisonment."

Hammond's sentence was commuted to fifteen years, and later he obtained his liberty by paying $125,000.

WAR OF 1870 MEDAL.

900,000 Frenchmen Put In Claims For Decoration For Defeat.

The French government has decided to give a medal to all those who took part in the war of 1870 against Germany. This is the first time that a nation has thus celebrated a defeat.

Within a month of the publication of the conditions of the award 900,000 applications for the medals had been made, although the official estimate was that not more than 600,000 claims would be presented.

From this it is calculated that France had 2,500,000 men under the colors during the war.

DEVELOPS WILD SHEEP.

Cross Strain That Makes Mountain Animals Wool Producers.

After striving for more than ten years to wrest natupe's secret from her William Frankes of Bullion Mountain, Cal., has at last discovered the alchemy that transforms a wild mountain sheep into a highly developed wool bearing animal.

Frankes is an accredited collector for the Smithsonian institution. His secret consists in crossing the mountain sheep with does of the Leicester strain. The sheep are of large size, exceedingly nimble and produce wool of fine quality.

STOMACH TIED IN KNOTS

Awful Suffering of New Jersey Woman —Lasted Five Years.

When you don't want your breakfast your stomach is out of order.

Stomach trouble is either caused by weakened rundown system, or will certainly be followed by that condition.

Mrs. L. D. Cook, Vineland, N. J., says: "I was sick five years with indigestion. My stomach seemed to have a heavy load in it and at other times it seemed to be tied in knots. Nobody knows how I suffered.

"I tried a great many doctors and a great many kinds of medicine but nothing did any good until I took Vinol. It has helped me wonderfully. I am improving fast, feel better and am getting my flesh back again. Vinol has done me a world of good."

We know the great power of Vinol in curing chronic stomach trouble and building up all weakened run-down persons, and that is why we guarantee it as we do. Weinmann-Matthews Co., 118 Congress St.

What's The Matter With Your Baby?

The young mother—and many an old one, too—is often puzzled to know the cause of her child's ill nature. The loudness of its crying does not necessarily indicate the seriousness of its trouble. It may have nothing more the matter with it than a headache or a feeling of general dullness. It cannot, of course, describe its feelings, but as a preliminary measure you are safe in trying a mild laxative.

Nine times out of ten, you will find it is all the child needs, for its restlessness and peevishness are perhaps due to obstruction of the bowels, and once that has been remedied the headache, the sluggishness and the many other evidences of constipation and indigestion will quickly disappear.

Don't give the little one salts, cathartic pills or nasty waters, for these will act as purgatives, and they are too strong for a child. In the families of Mrs. M. K. Chew, Bay Shore, Mich. and Mrs. Martha E. Rapp, Niles, Mich., the only laxative given is Dr. Caldwell's Syrup Pepsin. It has been found to answer most perfectly all the purposes of a laxative, and its very mildness and freedom from griping recommend it especially for the use of children, women, and old folks generally—people who need a gentle bowel stimulant. Thousands of American families have been enthusiastic about it for more than a quarter of a century.

Anyone wishing to make a trial of this remedy before buying it in the regular way of a druggist at fifty cents or one dollar a large bottle (family size) can have a sample bottle sent to the home free of charge by simply addressing Dr. W. B. Caldwell, 405 Washington St., Monticello, Ill. Your name and address on a postal card will do.

Right end—Smith, Harvard.
Quarterback, Capron, Minnesota.
Left halfback—Dalton, Annapolis.
Right halfback—Wendell, Harvard.
Fullback—Mercer (captain), Pennsylvania.

By TOMMY CLARK.

WITH the close of the football season every year it is customary to select the leading players from the teams east and west to form what is called an All American team.

The men selected for this eleven have been picked not because of their playing in one contest, but the selection is based on the performances of the players in all the struggles after a careful and thorough review of their efforts. While there is always a difference of opinion in these selections, they must be made without prejudice, and the work of each player must be considered carefully that he may receive full credit for his work.

For the first time in the history of football Yale is not represented by a man on the eleven. The writer has seen most of the important games and has gone over the records of all the games closely and has been unable to find one instance of where a wearer of the Blue has done any brilliant work that would warrant giving him a place on the team.

Good ends were plentiful this season, the most conspicuous being White of Princeton and Smith of Harvard.

White will always occupy a prominent place in football's hall of fame. It was his two spectacular runs, one for eighty-five yards and the other for sixty-five yards, which brought victory to Princeton first over Harvard and then over Yale. And they were not flukes either. It was his "nose for the ball,"

THREE LEADING BACKFIELD MEN.

his scent for the pigskin, his accurate following of the oval, that furnished him the opportunity to win both games for the Tigers. Yale made nine distinct fumbles in the game with Princeton, and five times White was on the job, falling on or grabbing the ball for his team. He was rarely ever boxed in by his opposing backs. He was fast and also covered his kickers' punts in faultless style. White is also tall and well qualified to receive forward passes.

Bud Smith of Harvard, who with Kilpatrick was selected unanimously at end for last year's All American, is chosen at right end. The Crimson man played the same sensational brand of football as he did last year. It was chiefly his work that kept Springfield down in the Brown game.

Smith's general play in receiving forward passes and tackling in the open was consistent all through the season.

Hart of Princeton and Frank of Minnesota are the selections for tackles. During the season just closed Hart proved himself to be one of the fastest and hardest playing tackles that have graced a football field in many years. When Princeton coaches shifted Hart from his back field to the line it was a wise move. He was a great man behind the forwards, but he proved greater in the line. He was a fast charger and followed the ball in faultless style. His ability to get down the field on punts added great strength to the Tiger eleven. On the defense he was a veritable stone wall.

Frank of Minnesota is entitled to the other position. His work on the line had much to do with the Gophers winning the western conference title. His playing in the Chicago game was sensational. In the battle with Wisconsin he was the bright star of the day. In that game he made nearly half of Minnesota's tackles, and without him the Gophers would have been woefully weak on the defensive. It was Frank's lunge that succeeded in forcing Quarterback Moll over the side lines when one step farther would have meant another Wisconsin touchdown.

A 200 pound red headed six footer named Duff, hailing from Princeton, is one selection for guard, while Captain Fisher of Harvard is placed at the other side of the center.

In the game with Yale Duff gave an exhibition at right guard that puts him in the same class with Hare, Glass, Heffelfinger and De Witt, former gridiron heroes.

He played against McDevitt, who was expected to do wonders, but the Tiger man handled the Yale guard as a giant would a baby. He would brush by McDevitt as though he was not there and, slashing into the Yale offense, would break it up before it got fairly started. He played so fast in the first part of the game that the Princeton coaches called him out of the battle toward the end of the second period so he could get some of the mud out of his eyes. He was put in again at the third period, and then he went back at the Yale men as though he had not been doing the work of three men.

His work in the game against Harvard was a revelation and could not be improved upon. He is a hard charger, opens up holes in splendid fashion and plays a wonderful game on the defense.

Captain Fisher of Harvard is given the other position. He was exceptionally fast for a heavy man and was aggressive both offensively and defensively and rarely, if ever, was put out of a play. Fisher had much to do with Wendell's success this season. He opened up holes of which the clever Harvard back was quick to take advantage, while his low charging when playing on the defensive was the direct cause in many cases of a play being stopped by an opponent before it was well under way. He was, furthermore, one of the most experienced players on the gridiron this year.

Bluethenthal of Princeton is the best center of a season that produced very few good middlemen. His game from beginning to end was not only steady, but brilliant. His passing was reliable and accurate both for scrimmage and for punting.

Ralph Capron of Minnesota is given the place at quarterback. According to my judgment he is the best man in the position this season and the greatest the west has produced since the days of Walter Steffen.

He has the speed, generalship and dodging ability to make him the logical man for the job, and in addition he has the build and weight which make him an invaluable player.

As a forward passer Capron displayed great accuracy and speed in delivering the ball to the proper man. Besides these qualities, he was one of the best punters and drop kickers of the season.

In nearly every game this season Capron electrified the crowds by his sensational long runs and his remarkable ground gaining tactics. His work against Ames, Nebraska, Chicago and Wisconsin was nothing short of phenomenal. His work against Chicago is still the talk of the western football world. In this game Capron made a series of spectacular runs, aggregating over 260 yards. One of his runs was for over sixty yards through the entire Chicago team, and in ten consecutive runs Capron averaged over twenty-five yards each.

In the battle with Wisconsin Capron made one of the most remarkable runs ever seen. Moll of Wisconsin opened up the game by kicking to Capron on the Gophers' fifteen yard line, and the latter started down the field behind a wall of interference. After running behind his teammates for about thirty yards the Minnesotan darted off to take up the trail on his own hook, and, although no less than five Wisconsin players stood between him and the Badger goal, he successfully dodged and and wiggled his way through, making a ninety-five yard run for a touchdown.

A wealth of high class material makes the proper selections for the halfbacks' positions particularly difficult. After closely scrutinizing this season's performances the writer picks Captain Dalton of Annapolis and Wendell of Harvard.

Dalton has proved himself to be the best punter of the season, an accurate place kicker, fine open field runner, hard line bucker and extremely quick on the defensive in sizing up an opponent's play and is, moreover, a hard

LOCAL BOWLERS ARE MAKING GOOD SCORES

Monday night in the two-man league the "Bell boys" took Campbell and Thompson to the bottom when they defeated them two out of three games. Thompson and D. Bell tied for high score with 182 while Thompson had high average with 162.

In the five-man league the Travelers' Cafe took three games from Horner & Lawrence, dropping them into third place. Wilcoxson was the big man of the evening getting 203 for high score and an average of 189. McLeod also helped his team by his good work with an average of 163. The scores follow:

In the two-man league Tuesday night Hayden and Christensen won from Forbes and James but not without a hard fight. Hayden and Christensen won the first game by as good team rolling as has been seen in a long time. Forbes and James took the second, rolling 412 and breaking the high team score and putting it where it will probably stay. Forbes got high score with 216 while James made high average with 175.

In the five-man league Sullivan-Cook took two from the Walk-Overs and lost the third one by the narrow margin of three pins. Sullivan-Cooks are rolling in fine shape having won their last four matches and will now be up among the leaders. Zeigler made high score with 198 while Sweet got high average with 175. The scores:

Observe Sixyt-third Birthday.

J. W. Garty's sixty-third birthday was pleasantly remembered on Monday evening by a group of his friends, who took him by surprise at his home at 18 East Cross street. Of the fifty friends who assembled for the occasion, a large number were women from the W. R. C. and men from the G. A. R., and the former, in grateful recognition of the fact that Mr. Garty has so often and without charge done many kindnesses for them, especially in the way of errands, presented him with a small purse. Mrs. Garty's brother, Charles Shaw, from Alberta, was present also. The very pleasant evening was concluded with a nice supper.

Monthly Supper Tonight.

The Men's club of the Congregational church will meet this evening at six o'clock at the church. Supper will be served at six, after which there is to be a general dscussion concerning the practical matters that the club and men in general ought to take up in this city. Postal cards were sent out some time ago to the men of the church with the request that they send to the secretary of the club suggestions as to what the club might do of benefit to the city. It is expected that an interesting and valuable discussion will resuit. All men interested are cordially invited.

The revival meetings at the Free Methodist church will continue all this week. Everyone is welcome.

Miss Helen Draper of the Normal high school spent the Thanksgiving vacation at her home. Her parents entertained in her honor with a dinner with covers for eight. Among those present were Miss Maud Falker of Port Huron, Miss Wright and Mr. and Mrs. Roland Fletcher.

George Smith and daughters, Miss Evelyn and Miss Florence, who live east of the city near Wiard's Crossing, left Tuesday morning for the west in search of Mr. Smith's health. They will visit Colorado, New Mexico and other western points, and will locate there if a suitable place is found.

Miss Mary Kelly was the week-end guest of Miss Marie Quinn of Dexter.

Mr. and Mrs. Richard Knope of this city were Thanksgiving guests of Mr. and Mrs. Robert Northard of Dexter.

CAUSE FOR ALARM

Loss of Appetite or Distress After Eating a Symptom That Should Not Be Disregarded.

Appetite is just a natural desire for food. Loss of appetite or stomach distress after eating indicate indigestion or dyspepsia. Over-eating is a habit very dangerous to a person's good general health.

It is not what you eat but what you digest and assimilate that does you good. Some of the strongest, heaviest, and healthiest persons are moderate eaters.

There is nothing that will cause more trouble than a disordered stomach, and many people daily contract serious maladies simply through disregard or abuse of the stomach.

We urge all in Ypsilanti who suffer from any stomach derangement, indigestion, or dyspepsia, whether acute or chronic, to try Rexall Dyspepsia Tablets, with the distinct understanding that we will refund their money without question or formality, if after reasonable use of this medicine, they are not perfectly satisfied with the results. We recommend them to our customers every day, and have yet to hear of any one who has not been benefited by them. We honestly believe them to be without equal. They give very prompt relief, aiding to neutralize the gastric juices, strengthen the digestive organs, to regulate the bowels, and thus to promote perfect nutrition, and eradicate all unhealthy symptoms.

We urge you to try a 25c box of Rexall Dyspepsia Tablets, which gives 15 days' treatment. At the end of that time, your money will be returned to you if you are not satisfied. Of course, in chronic cases length of treatment varies. For such cases, we have two larger sizes, which sell for 50c and $1.00. Remember, you can obtain Rexall Remedies in this community only at our store—The Rexall Store—Weinmann-Matthews Co., 118 Congress street.

PROFESSOR OSLER RIGHT

Youth Succeeds Age. Gray Hair First Sign of Age. Harmless Remedy Restores Color.

Esler isn't the only man who turns down old age. In the business world the "young man" is always the one who picks the plums. It is an age of "new thought," "new talent," etc., and the old man is passed in the race.

One of the first signs of coming age is the appearance of gray hairs. When you see them, act promptly. Wyeth's Sage and Sulphur Hair Remedy will correct this sign, which so often deceives people into thinking that age is really upon them. It is a well-known fact that Sage and Sulphur will darken the hair. Wyeth's Sage and Sulphur combines these old-time remedies with other agents, which remove dandruff and promote the growth of the hair.

The manufacturers of this remedy authorize the druggists to sell it under guarantee that the money will be refunded if it fails to do exactly as represented.

Don't look old before your time. Get a bottle of Wyeth's Sage and Sulphur today, and see what an improvement it will make in the appearance of your hair.

This preparatoin is offered to the public at fifty cents a bottle, and is recommended and sold by all druggists. Special agent, Weinmann-Matthews Co., 118 Congress St.

Double Wear Shoes for Rough, Wet Weather

THE shoe illustrated below was especially designed by Endicott, Johnson & Co., the world's largest tanners and shoemakers, to be neat and comfortable, and also heavy and strong enough to resist wet, cold and rough wear.

The uppers are made of soft pliable chrome-tanned leather of extra thickness and strength, especially treated to resist cold and wet.

The gusset encloses the foot tightly to a point above the instep.

The sole used on this shoe is tanned by a chrome process, used exclusively by Endicott, Johnson & Co., which gives it more resistance to heat or wet than any other leather. It will outwear two ordinary soles and is at the same time lighter in weight and more flexible on the foot.

The last is formed to the natural shape of the foot—roomy and comfortable, but neat in appearance.

This shoe has increased in popularity steadily in all parts of the country for the past five years and is now worn by thousands of men from Coast to Coast.

Try one pair and you will never be without them.
